

Example of acceptable N number

H= Height (3" minimum)

W= Width 2/3 of the height (2" for a 3" number),
except for the number one (1), which must be
1/6 of the height.

S= Stroke 1/6 of the height (1/2" for a 3" number)

D=Spacing 1/4 of the width (1/2" for a 3" number)

Registration mark needs to be Roman Capital, uniform
in size, color contrasting with the background, with no
ornamentation. Ask your DAR or FAA inspector if you
have questions.
